Join your colleagues Thursday 9/18 through Saturday 9/20, for briefings with top policy experts who will examine the influence of politics and money on medicine, & ways to combat it in your practice:

- How politics drives policy
- Who buys influence & how
- Politically driven prosecution of doctors
- CME credits – information v. influence peddling
- Politics of pain management
- Perversion of science by politics
- Fraud enforcement as government money scheme
- CMS carriers – license to steal?

The **AAPS Legal Team** will brief you on the latest developments on HIPAA privacy/transaction code rules, the effects on your practice and patient confidentiality, and AAPS winning strategies for defending doctors.

You'll also hear case studies on government enforcement, and how to avert disastrous Medicare audits and prosecutions, & steps to eliminate third parties from your practice presented by doctors featured on CBS News.
